

Excellence is its Own Reward.

Announcing the Recipients of the Twenty-fifth Annual Mylan Excellence in Pharmacy Award.

On campuses across America, tomorrow's leaders in pharmacy practice are beginning to make their mark through academic achievement, professional motivation, and by demonstrating a unique ability to communicate drug information.

This year, Mylan Pharmaceuticals is, again, pleased to recognize those graduates whose pursuit of excellence has already put them in a class by themselves. Since 1985, we have honored the top students in nearly every school or college of pharmacy in the United States with the Excellence in Pharmacy Award.

We applaud the efforts of each of these graduates, as they have demonstrated an uncompromising commitment to excellence. Like each of them, we know that excellence is its own reward.
